

## Coronavirus Effects

randall, Wednesday 18 March 2020 - 20:32:59

We've taken many steps here to help minimize exposure to the COVID-19 (Coronavirus). From sanitizing common areas multiple times a day, including the restroom, door handles, front desk, employee areas, and others.

However we ask anyone showing symptoms to stay home, we can take orders over the phone and have products ready for pickup outside. **If you do plan on coming in, please wear a mask and we will not allow you into the store front without one. We will help to the best of our abilities.**

We apologize for any inconvenience this will cause but hope you understand.

**UPDATE: We've resumed full hours (7AM - 5PM M-F)**
